## TO NEW BEGINNINGS

Not enough words of praise can be said about Mr. Herman Tan, we will miss his leadership.

Tropicana Golf & Country Resort family appreciates how much he has accomplished in managing an award-winning golf resort, but as a regular person, he has shown us, and other staff members, kindness and care in so many ways.

We will work harder to continue his legacy as he has earned a good and happy retirement. We wish him all the best in his future endeavours and adventures. May our paths cross again in the future and talk of his tales over a couple of golf putts.

With a heavy heart, we wish to inform that Mr. Eric Ooi, Senior General Manager is also leaving TGCR to pursue his future path. He joined Tropicana in 2015. May he thrive in all of his future endeavours.

*Sayonara Mr. Herman Tan and Mr. Eric Ooi, till we meet again.*

## Tips from Pro Golfer Han Ye Seul

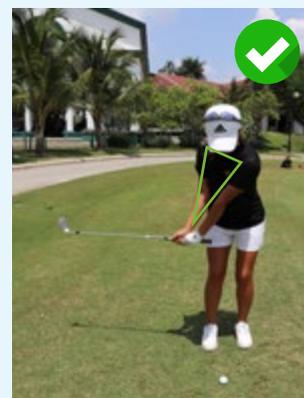

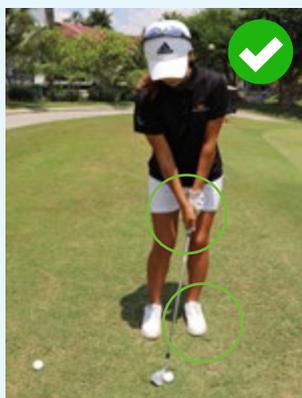

### How do we make precise impact for a CHIP SHOT?

Usually there are lots of amateur golfers who are afraid to play their shot when they play around the green. Especially 10 to 20 meters away, an amateur's nightmare distance. Usually, they end up with swings that are more about hitting the ball instead of focusing on their targets.

As a result, they will face higher chances of duﬀing their shots, topped balls and other missed shots. Even if the impact is good, but a shot that focuses only on the impact can lead to failure as it cannot create the intended direction or trajectory.

So today, I would like to introduce some ways that can minimize the rates of failure. First of all, there are many players who tend to address their stances with 'general shot set up method' when they play approach shots.

However, there is a set up method for approach shots. There are lots of amateur players around the green who tend to hold long grips on their clubs even though they have a short distance to the pin.

1. In order to ease the contact to the ball and sense of distance, it is better for a player to hold their grip shorter. The shorter the distance from the pin, the shorter the grip should be held. It is better to hold neutral grip than strong grip. For right hand grip, it is better for a neutral firm grip than having a weak grip.

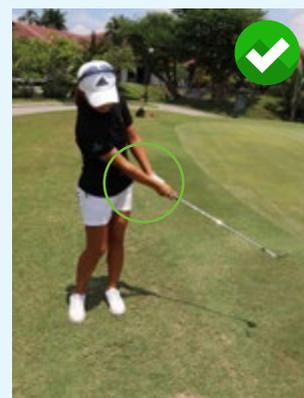

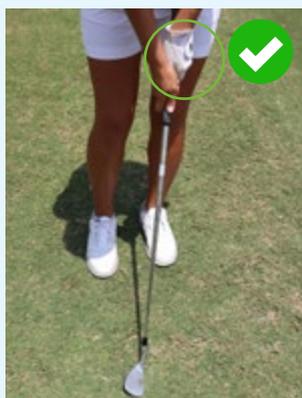

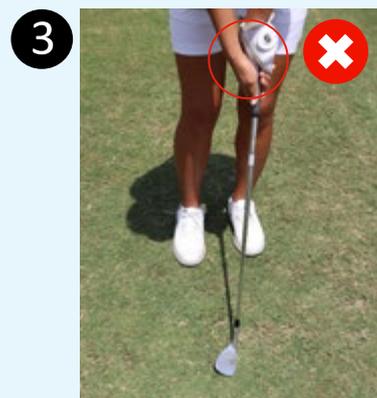

For stance, it is better to have your legs slightly open than being too square. For weight, it is better to put a little more weight on the left, at a ratio of 6:4. Ball should be placed more to the middle, but not too near the right foot.

2. The important part that players should focus on while swinging is maintaining the triangle between shoulders and arms during their set up. The triangle shouldn't collapse during back swing, impact and follow through.

3. Most of the amateur players tend to use their wrist, which makes it more likely to face problems, such as difficulty to turn during back swings or often cast their left hands.

4. Thus, they should make sure that the end of their grip is facing their belly button during finish, in order to maintain the triangle. In other words, they should make sure that the turn of left shoulder is not stopping to let their chest face to the target during finish.

## GRAND 50TH BIRTHDAY TO PARIE

Parie's birthday party dinner was hosted here at Tropicana Grand Ballroom on 8th August, Saturday. A priceless moment shared with the family as they flew in a helicopter to her glorious birthday party venue where her guests were at hand to receive her to start the celebration. What an enchanting start to the birthday girl's magical evening.

Dancers in costumes escorted Ms. Parie into the Grand Ballroom as all eyes were on her. Such lovely and understanding company as everyone followed the safe social distancing rules while having a really good time at the birthday party. We wish Ms. Parie the happiest & memorable 50th birthday.

You can create your dream event with us at Tropicana Golf & Country Resort too. Get in touch with our Sales & Marketing Team or email them at [salesmarketing@tropicana.com.my](mailto:salesmarketing@tropicana.com.my).
