MASTER CHRIS CLM Bone Setting

Have you heard of the bone setting method by Master Chris? His magical hand in orthodontic treatment has brought him fame in Malaysia and abroad. A traditional way for relief of body stresses and other physical issues. Master Chris shares the magnificent traditional and contemporary way of regaining your inner strength, derived from Traditional Chinese Medicine.

The technique has been in his family for 3 generations and it's health benefits has passed down to Master Chris at a young age, he began by helping his father's patients with all sorts of body pain and by the age of 12 he was receiving his own patients.

Combining his father's traditional secrets and modern medical concepts, he created CLM Methods and even became viral in social media. CLM's Method Bone Setting Centre is now regarded as the largest and an unconventional medical

facility in Malaysia. CLM Orthopaedic Medical Centre was given an award by the Asia Pacific Brand Foundation and recommended by The Brand Laureate Best Brands Awards 2018-2019. The company also won the "Best Excellent Brand Award" for SMEs in 2019. (Best Brands in Wellness Bone, Joint or Muscle Care).

Master Chris Leong offers therapy to all walks of life, all bone or joint-related pains, ranging from mild to acute or chronic pains. He highly recommends those who are active in sports, office workers and families to come for the consultation as the CL Method offers a wide range of comprehensive bone setting services to meet the needs of adults, seniors and children.

Combining the healing art of traditional Chinese medicine practices with modern medical approaches such as the utilisation of X-rays, strict hygiene standards and biomechanical theories, CL Method provides each and every one of its patients an all-holistic and all-natural therapy.

On another note, each of their Chinese Medicine Therapists must undergo years of extensive tutelage and training before being qualified to treat patients in CL Method Tit Tar. Pay them a visit for your improved health and relief of any aches and pains you may have.

ALBERT-tross

Every now and then we play a memorable shot that's worth sharing. Well this 2nd shot by Albert is definitely one to remember for the year 2020.

Playing well for the 1st nines, Albert was feeling good that Thursday afternoon of 27th February. He then continued his good run, playing at East Course 2.

At Hole 14 (a long Par 5), Albert made

a massive drive avoiding the fairway traps on the right, leaving 215m to the red pin.

Albert loves the course set up, and the quick & challenging greens of TGCR. That afternoon the course conditions were good, being just a bit dry. Albert had a favourable lie which was quite flat, he decided to go for it and blasted the 2nd shot with a wood 3, aiming directly at the elevated green that's well guarded with bunkers on the left and right. The ball was on line but being on an elevated green, Albert couldn't see the roll.

An albatross is definitely a good memory worth sharing. Albert stepped up to the green and found that he holed the ball. His flight mates had mixed feelings of course; sharing Albert's delight on achieving such a feat, although feeling sad due to the wager involved.

Albert Wong - Handicap 4

Nasi Lemak

PAK LEMAN

When it comes to this staple food of Malaysian cuisine, most of the locals will in unison agree nasi lemak would take the throne. No one can refuse a plate of flavoursome Nasi Lemak, a classic for any time of the day. For Malaysians, nasi lemak needs no introduction, a dish best-loved from all walks of life. TIME Magazine listed nasi lemak as one of the Top 10 Healthiest International Breakfast.

Nasi Lemak Ayam Goreng Berempah

Nasi Lemak is a comfort food

Despite knowing nasi lemak is a dish that contains high amount of calories and fat, it is said that the dish is balanced with other key nutrients that contains carbohydrates, manganese and protein - which is good for you when eaten moderately. The reason manganese is good for you as it is thought to help with bone maintenance, regulate the production of the enzyme prolidase, which helps with collagen production and therefore skin health, and balances blood sugar levels.

Nasi Lemak can be found on almost any street and even in almost any local-themed restaurant in the city. The Palm Coffeehouse and Twenty7 Restaurant of Tropicana Golf & Country Resort have their famous Nasi Lemak Pak Leman curated by their Executive Chef, Chef Zack. On their menu is Nasi Lemak Pak Leman consisting of the essential condiments which can be paired with "Ayam Goreng Berempah", a fried chicken infused with plenty of aromatic spices. Besides that, you definitely should have a try of their Nasi Lemak Pak Leman with the addition of "Sambal Sotong Kering", cuttlefish that has a mildly spicy taste and characterized by a touch of sweetness.

Nevertheless, true Malaysian residents know that you don't need any justification to indulge in nasi lemak. The only reason to indulge in nasi lemak any time of the day is because the flavours and textures makes it simply sheer ambrosia.

Nasi Lemak Pak Leman

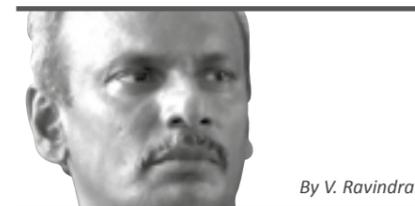

Essential Condiments:

Fragrant rice cooked in coconut milk with pandan leaves, fried anchovies and roasted peanuts, hard boiled eggs, sliced cucumbers and definitely the spicy sambal gives the dish the extra "umphh". Some would adorn further with beef, chicken, fish and cuttlefish cooked in various famous Malaysian tastes such as rendang, curry or masak gulai.

Nasi Lemak Sambal Sotong Kering

Trophies - The Ultimate Possession

By V. Ravindran

Sports probably began with the inception of humanity. Our need for competition is an inextricable part of our nature and the environment that we live in.

In sports, challenge trophies are awarded only to the best athletes and teams.

The football World Cup was initiated with the Jules Rimet Trophy; in badminton, the Thomas Cup holds centre stage, whilst for golf, one of the most iconic trophies must be the Claret Jug, which is presented to the champion of the British Open.

In team events, the Ryder Cup is the most distinguished and we have to thank the English entrepreneur Mr. Samuel L. Ryder for that.

The challenge trophy (or shield, as the British term it) was first introduced to Malaysia in 1894 by Major General Sir Charles Warren on the eve of his departure back to London. The Commander of the Troops in the Straits Settlement donated four shields to football, rugby, hockey and golf.

The Warren Shield was used as the trophy for the annual club championship between the Penang Golf Club and the Singapore Golf Club.

The inaugural Straits Championship teed off in Penang mere months after Warren's departure. It is the progenitor of the Malaysian Amateur Open's pedigree.

The event was renamed the Federated Malay States and Straits Settlement Championship in 1912.

In 1948, the original Warren Shield and rose bowl were lost in transit during a train ride to Singapore. The trophies were either taken by looters or destroyed when the train fell victim to a bomb raid.

Since Merdeka (Independence Day), the tournament has been renamed the Malaysian Amateur Open Championship. The current trophy was donated by the MGA.

As food for thought, consider what happens to the sponsors of these priceless pieces of history. Are they honoured or remembered during and after major tournaments?

The answer to this is straightforward and one can rest easy knowing that all trophies are insured against theft, loss and damage.

In my opinion, challenge trophies must never be retired unless a request is put in by its sponsors.

One only has to consider the miniscule number of trophies have since been retired at the request of their donors as proof in the pudding.

Tropicana Swab Test

In October, Tropicana had an unfortunate experience during the pandemic when a small number of our employees were tested positive for Covid-19. As a precautionary measure the staff residence was put on lockdown with the assistance of KKM, local police force and the military to whom we are always grateful. The staff residence is not only home to Tropicana employees, but also folks who are working for other companies living together as a community.

In collaboration with KKM, a full swab test was conducted for all the residents without exceptions. No one was allowed to enter or exit the premises in the span of the 2-week quarantine except for law enforcers.

Our external employees were also sent for swab test at our selected health centers and we are very pleased with their cooperation and preventive safety measures taken.

We are thankful for the many helping hands and well wishes received over the course of that critical time as it gave everyone the strength to follow through with the procedures until we were given all the necessary clearances.

Tropicana says 'Thank you'

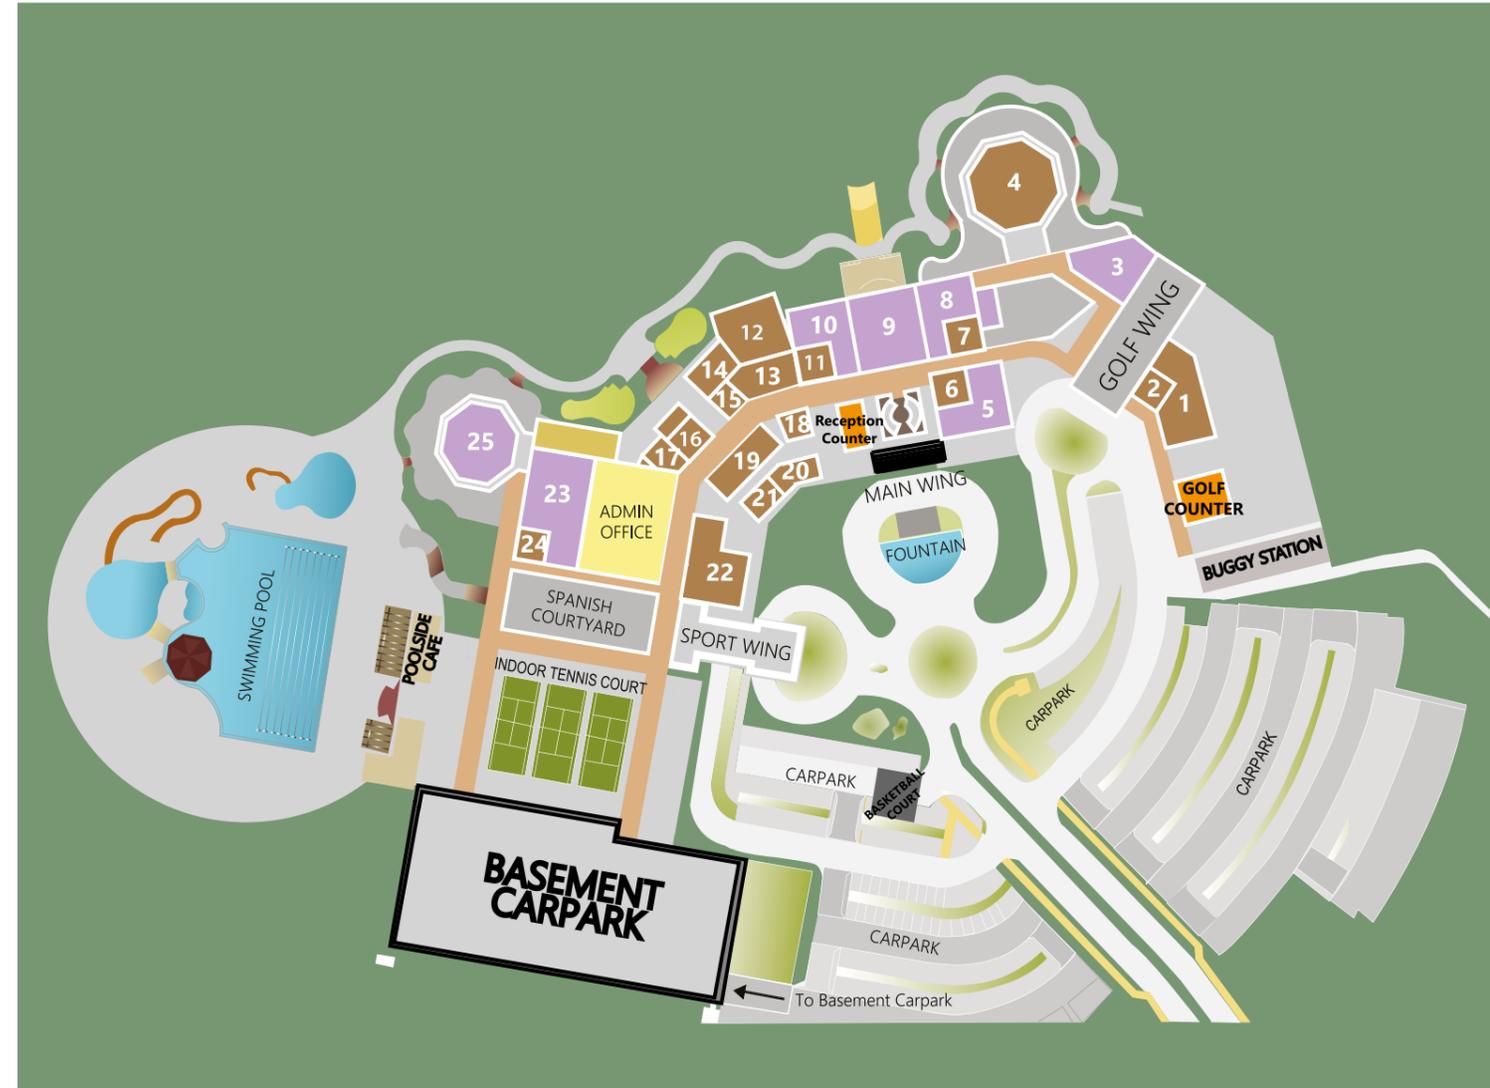

This year has been a challenging one for Tropicana Golf & Country Resort as like most of the world, we were affected by the recent wave of Covid-19.

Throughout this recent lockdown of the employees' residence, Tropicana provided daily meals to all residents as they were not allowed to go out or order delivery due to the risk of spreading the virus.

We received assistance and donations from TGCR members and also many other communities that volunteered to help out of their own courtesy. We are grateful for all the wonderful gestures that we received and it all was disseminated to the residents without prejudice. The encouragement received from people around helped keep our heads up even when we were severely under-staffed.

The situation has since improved tremendously, and so we want to extend our most humble gratitude to all who played a part during the quarantine period at the employee's residence.

Thank you for all your support and contributions. We, on behalf of TGCR employees and management, truly appreciate you all.
